THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

MONDAY, MAY 9, 1870.

MEETING IN ORANGE COUNTY.

There was a general turnout of the citizens of Orange county, at Hillsboro', on Saturday last. The resolutions adopted by the meeting will be found in another column. They are such as will meet the approval of every good Conservative in the State.

There were no nominations made for county officers, on account of the absence of delegates from some of the school districts, and another meeting will be held to make these nominations.

There were more aspirants for the Legislature, county Commissioners, Register, &c., than was ever known in the county before. We learn that this state of things exists in most counties.

In all such cases we are in favor of the people controling the aspirants, and not the aspirants controling the people, as they are doing, and have done in the Radical party.

Orange, from her earliest days, has been blest with good men for her representatives. In olden times, by such men as Governor Burke, Wm. Nash and Alexander Mebane. Then by Wm. Cain, Walter Alvis, Wm. Strudwick; in later times by Wm. Shepperd, John Cabe and David Ray. Then by Judge Norwood, Judge Cameron and Judge Murphy, and then in succession by Judge Nash, Dr. Montgomery, James Mebane and Joseph Allison.

In our day, she has been represented by Mangum, Graham, Berry, Nash, Cameron, Jones, Leathers, Waddell, Phillips and Norwood. The standard of representatives of Orange has always been of a high order.

The county has much to lose by sending ordinary or indifferent men to represent a people, who, for a hundred years, have been represented by the foremost men of the State.

EXPLODED AGAIN.

Another "infernal explosion" in the *Standard* of this morning. The Governor must excuse us, we have neither the time nor inclination to enter into competition with that son Joseph in billingsgate and vituperation. The people who have been robbed, plundered and oppressed by the Holden administration will not hold us excused, if we shall give too much importance to the Governor's son.

We can say to Joseph, we have felt too often the claws of the old cat to be at all disturbed by the mewing of the kitten.

The eminently wise legislation of our Congress, says the New York *World*, has had the effect of driving the trade in valuable silks and laces almost entirely into the hands of smugglers, the exception to this statement being a small country trade done by large houses. The tariff on the finer laces is 60 per cent; and as a woman can carry on her person, without much danger of discovery, from $5,000 to $10,000, it is evident that the temptations to smuggling are very great. As a matter of fact, so large is the smuggling across the Canadian border that it has utterly destroyed—with the exception noted—the trade of the great merchants of this city in the costliest laces. It is pretty generally known that these can be bought at auctions in New York at such rates as seem to ignore the increase in price which the tariff should cause. Such houses as Claflin's, Stewart's, Cochrane's, or Jaffray's can give ample information on this point. They find it altogether unprofitable to attempt to sell imported high priced laces in competition with those who are less scrupulous as to their dealings in illegitimate traffic. On the other hand, the less costly laces are taxed moderately, so that it does not pay the smugglers to run the risks consequent on an attempt to bring them across the border. The result of this is that the legitimate dealers import them largely, and the government derives a high revenue from the trade. The lesson to our financial fathers is obvious.

Rumors of war come from Corinne, and the valleys of the Cache and Bear Rivers resound with martial preparations. Every gun that can be purchased by Mormon money has recently changed hands in that region, and needle-guns have been drawn from afar for this new market. Cartridges have been manufactured, and revolvers are in demand. The reason given for this activity is that the Indians are dreaded, but it is believed that Congressional Indians are the scalp raisers that are to be terrified by these warlike demonstrations.—*New York World.*

AN OUTRAGE.—The ladies of Montgomery Ala, have been compelled to postpone the decorating of the soldiers' graves to the 3d of May. The white Radicals of Montgomery put the niggers up to celebrate the Fifteenth Amendment on the 26th. To avoid difficulty and to escape insult the white people had to give way.

A company has recently been formed in London for the purpose of establishing a line of steamers through the Suez Canal, between the Netherlands and the Dutch colonies in the eastern seas. An annual trade of $60,000,000, a specie export of $5,000,000, and an extensive traffic in passengers, both civilians and soldiers, are anticipated.

BURGLARY AT MT. OLIVE.—A friend at Mt. Olive informs us that some person or persons broke into the depot at that place on Thursday night and stole therefrom one box of tobacco and one barrel of bacon. The tobacco was the property of Mr. Jesse Hall and the bacon belonged to Mr. Wm. Albritton. No clue as yet has been obtained as to who perpetrated the robbery.—*Wilmington Star 7th inst.*

MEETING AT DURHAM.

According to previous notice, the citizens of Durham, Orange county, assembled on the 5th May inst., at 4 o'clock, P. M.

On motion, John A. McMannen, Esq., was called to the chair and C. B. Green requested to act as Secretary, when the following preamble and resolutions were adopted:

WHEREAS, We learn that Geo. D. Miller, former Agent of the N. C. R. R., at this place has been removed and that he is about to leave us; Therefore

Resolved, 1st. It is with regret we learn the above facts.

Resolved, 2nd. That in our intercourse with him as a business man and particularly in connection with the arduous duties of his office, we have found him prompt, accommodating, respectful and gentlemanly.

Resolved, 3rd In leaving us he carries with him our best wishes for his success in life.

Resolved, 4th. That we endorse him as a high toned young gentleman, worthy of our commendation and the confidence of the public.

Resolved, 5th. We are glad to learn that Mr. A. Lewter has been appointed to succeed Mr. Miller. Mr. Lewter being a former resident of this place, he has the confidence of the citizens of this place and the people in general.

Resolved, 6th. That a copy of these resolutions be handed to Mr. Miller, and a copy be sent to the Raleigh SENTINEL and *Standard* for publication.

JNO. A. McMANNEN, Ch'm.
C. B. GREEN, Sec'y.

The following is the reply to the resolutions:

DURHAM, N. C. May 6, 1870.

Rev. Jno. A. McMannen:

DEAR SIR:—The resolutions drawn in my favor are indeed complimentary, and I feel incapable of returning adequate thanks for them.

Rest assured where e'er I go my thoughts will ever turn to the happy moments spent among you, and the moment of leaving, one of my deepest regrets.

Coming among you as I did, an entire stranger, and leaving so soon, with such laurels heaped on my head, is indeed flattering and obliterates half the pang of leaving.

Allow me again to thank you for the Resolutions and the many favors received during my sojourn among you.

I am very respectfully,
Your obedient servant,
GEO. D. MILLER.

ANDREW JACKSON ON THE ABUSE OF POWER.

A correspondent sends to the Hartford (Ct.) *Times* for publication the following extract from the Farewell Address of President Jackson, and he asks candid readers to consider it thoughtfully in connection with the great abuse of power, now so bold and unscrupulous by the Radical party:

[*Extract from President Jackson's Farewell Address.*]

"It is well known that there have always been those among us who wish to enlarge the powers of the General Government, and experience would seem to indicate that there is a tendency on the part of this Government to overstep the boundaries marked out for it by the Constitution. The legitimate authority is abundantly sufficient for all the purposes for which it is created, and its powers being expressly enumerated, there can be no justification for claiming anything beyond them.—Every attempt to exercise power beyond these limits should be promptly and firmly opposed. For one evil example will lead to other measures still more mischievous, and if the principle of constructive powers, or supposed advantages, or temporary circumstances, shall ever be permitted to justify the assumption of a power not given by the Constitution, the General Government will before long absorb all the powers of legislation, and you will have in effect but one consolidated Government. From the extent of our country, diversified interests, different pursuits and different habits, it is too obvious for argument that a single consolidated Government would be wholly inadequate to watch over and protect its interests, and every friend of our free institutions should be always prepared to maintain unimpaired and in full vigor the rights and sovereignty of the States, and to confine the action of the General Government strictly to the sphere of its appropriate duties."

A STRANGE ANIMAL.

For more than a year past, a strange beast has been creating some excitement in various neighborhoods of this county. It first made its appearance in the Philadelphia neighborhood, where the citizens, at night, were frequently startled by a strange unearthly yell, unlike anything before heard in that section. Pigs and geese were also frequently missed, and from remnants found it was surmised that they were devoured by the mysterious denizen of the woods. The boldest hunters of the neighborhood made many an effort to capture it, but they were always unsuccessful, the fiercest dogs beating so ignominous retreat whenever they came up with it. Of course there have been many remarkable, and perhaps wholly unfounded stories told, chiefly by colored persons, of how they have been pursued at night by this terrible animal with distended jaws and great eyeballs glowing in the darkness like balls of fire; but this is not the case as it flies from the approach of man, and so timid has it been, that it has been seen only on one or two occasions, and then for so short a time that the persons seeing it could not tell what manner of beast it was, only that it was unlike anything they had ever before seen. Those who saw its track in the snow last winter, say that it is neither catamount, wild cat, wolf, panther nor bear, but suppose it to be an animal which must have escaped from a travelling menagerie.

From the Philadelphia neighborhood, it visited Sharon, and now we are told that it is in the woods between this place and Sugar Creek, making night hideous with its yells which sound something like the cry of a child in distress.

We suppose, when the thing is captured, it will turn out to be a catamount that has wandered down from the mountains.—*Charlotte Observer.*

DESIGNS OF THE NEW POSTAGE STAMPS.—The Third Assistant Postmaster General having completed his improvement of the postage stamps to take the place of those now in use, they are ready for issue. He says the gum is guaranteed to stick. The following is a description of the new stamps: One cent, Franklin, profile bust by Rubricht, color imperial ultramarine blue; two cents, Jackson, profile bust after Powers, color velvet brown; three cents, Washington, profile bust after Houston, color mulberry green; six cents, Lincoln, profile bust after Volk, color continental red; ten cents, Jefferson, profile bust after Powers' statue, color chocolate; twelve cents, Clay, profile bust, after Hart, color neutral tint purple; fifteen cents, Webster, profile bust, after Clevenger, color orange; twenty-four cents, Scott, profile bust, after Coffee, color pure purple; thirty-three cents, Hamilton, profile bust, after Corrachi, color black; ninety cents, Commodore O. H. Perry, profile bust, after Wolcott's statue, color carmine.

MEETING IN ORANGE.

At a meeting of the people of Orange county, assembled in the Court House at Hillsboro', on Saturday the 7th of May, the following proceedings were had:

On motion of A. M. Leathers, Esq., W. W. Guess was called to the chair, who explained the purpose of the meeting in an appropriate and well timed speech.

A. M. Leathers and James Alexander were appointed Secretaries.

The delegates to nominate candidates for county and State offices were called, consisting of three from each school district. There were 52 school districts, many of which were not represented; this gave rise to difficulties which prevented nominations being made, and the Convention adjourned without accomplishing its object.

On motion of Thomas Oldham, Esq., the following gentlemen were appointed a committee to draft resolutions for the action and consideration of the meeting, to-wit: Charles W. Johnston, Thomas Webb, N. P. Hall, Addison Mangum, Thomas Oldham and George Tate.

The court room being occupied by the nominating committee, the convention adjourned to a stand in front of Fawcett's store. The committee, through their chairman, Mr. Oldham reported the following resolutions:

The people of Orange county, in public meeting assembled to make known their sentiments on the present state of the country, do

Resolve, 1st. That in common with our fellow-citizens generally, we rejoice in the return of a free election to be held on the first Thursday of August next. The right to such an election being guaranteed in the Constitution of the State, but a partizan Radical majority in the last General Assembly withheld and refused to provide for it until forced to this act of justice by the indignant voice of a free people.

Resolved, 2nd. That the right of suffrage of the colored race having been established by the Constitution of the State, and made uniform throughout the Union by the amendment of the Constitution of the United States, it is no longer a subject of controversy; there is no power or disposition on our part to disturb it, and we invite them to co operate with us in upholding the interests and promoting the prosperity of the State.

Resolved, 3rd. That the Legislative, Executive, and most of the Judicial officers, chosen at the last election, held in April 1868, under military authority, upon brief notice, amid the confusion and excitement that attended it, do not reflect the sentiments or duly take care of the interest of the people.

Resolved, 4th. That the reckless issue of $26,000,000 of bonds at a single session of the Legislature, in addition to the old debt of fourteen millions, for which no provision was made, although it was enjoined in the constitution; and although it was proclaimed in advance that ample means would be provided, all this was calculated to destroy the State's credit, and has affected it as is seen in the fall of the price of the bonds from 75 cts on the dollar, when the Legislature assembled, to the humiliating standard they are now quoted at.

Resolved, 5th. That five millions of this amount was forbidden by the constitution, and restrained from being issued by the Supreme Court, showing the utter incompetency of the Legislature for the duties they had undertaken; and for the relief thus obtained their demerit is made not the less apparent.

Resolved, 6th. That by a careful consideration of the resources and necessities of the people, it was possibly in the power of the General Assembly to have supported the Government, maintained its credit, and given aid to public improvements by gradual issues of bonds, as they were needed to pay for the work; but the course adopted of taking loose estimates of what a whole public work, occupying many years in its construction, would cost, and then directing the whole amount of bonds to be issued at once, and placing them into the hands of Railroad Presidents without any security; seven millions in one instance to a single individual, to be trafficked off at his pleasure, should rather be characterized as a measure to sell State Bonds and ruin public credit, than to build a Railroad.

Resolved, 7th. That the prodigal waste of these bonds by the perversion of them to his private ends, by the President last alluded to, and his refusing and fleeing from investigation into that important State affair, and the illegal use to which they were applied by others, as shown by a commission on the subject, and the remissness or concurrence of the Executive, calls for the most emphatic condemnation of an impoverished and tax burdened people.

Resolved, 8th. That the investigation by the commission aforesaid, exhibits a new feature in our Legislation, by which, in addition to the sums required to build our extended public works, it is necessary to make additional levies and appropriations to compensate advocates for a measure, or to buy off opposition, in the formation of what is called "Rings" and to withstand blackmailing operations, by paying bonds, all of which, principal and interest, have to be paid by the people.

Resolved, 9th. That the abuses practised by the Legislature in the measures already mentioned, and others to which we might refer, are sufficient to invite the co operation of all good citizens, who desire the restablishment of the credit, honor and prosperity of the country, rather than the ascendency of party.

Resolved 10. That we deprecate all attempts made to excite controversy or strife among the people, and we assert it to be utterly untrue that there has been any resistance to the lawful authority of the State in this county, and as far as we can hear, in any other county in North Carolina. It is true that violations of the law, which we regret, have been committed in secret by persons who appear to assemble suddenly and as suddenly to disperse, but the state of society is and has been, all the while tranquil, and the general relations between the white and colored races is peaceable and amicable; that the quartering of troops to enforce the law, was uncalled for, and we are gratified that the authorities of the United States concur in this opinion, by withdrawing the troops lately sent to Alamance county.

Resolved 11. That in many of its provisions the Constitution hastily adopted with little opportunity for its consideration, at the last election, is unsuited to the wants, condition and interests of the people of the State; that the county governments, in the expenses and mode of administering justice; in the number of public officers and various hands in which is laid the power of taxation, it is unsuited to the wants, interest and tastes of the inhabitants of the State, and while we would undertake the task of reform with no rash hand, we deem reformation in many respects necessary.—Government, in all these departments, being made for the people not the people for the government.

Resolved, 12th. That the expulsion of a member of the House of Representatives of the Congress of the United States, for personal corruption, which has lately taken place, is the first event of the kind ever known in the history of our State, and should incite in the minds of the people, a proper scrutiny into the characters of the persons they elect. We believe his election to have been the result of party management, by which the recently emancipated colored citizens were induced to vote for him, though a stranger in the country, and, as it now turns out, a mere adventurer.

Resolved, 13th. That we welcome among us as settlers, all citizens of any of the United States, who come to incorporate themselves with our own people, and share their fate, but the humiliation which has occurred in the election of this individual should be a warning to beware of adventurers.

Resolved, 14th. That we have no purpose to contravene the acts of Congress, in respect to the establishment of government in the State, but within the limits of these acts, the internal government and policy of the State, belongs to its people, and in the grand inquest of these public assemblies, they are now called upon to consider of these institutions and measures to promote their happiness and prosperity, and we humbly trust that in the election now approaching, they will lay the foundation of a course of policy inspiring new hopes and confidence.

Resolved, 15th. That the present deplorable condition to which our State has been brought is but the natural result of that proscriptive policy which was set forth as the cardinal doctrine of faith at the inauguration of the present goverment of North Carolina, as the only qualifications required from all appointees were that they should be violent partisans and willing tools of persecution, while competency honesty and ability were deemed of minor importance.

Resolved, 16th. That it is peculiarly unfortunate that in our dire necessity, we are deprived of the services of our best and purest men by a provision inserted in our national constitution utterly foreign to the whole spirit of that instrument, dictated by hatred and revenge, and accomplished in a period of high party excitement, and in this State carried far beyond its proper interpretation by a bigoted Judiciary and used to subserve the ends of a few, in opposition to the repeated requests of our Legislature that the disabilities of all should be removed.

Resolved, 17th. That while we regret that any honest purchaser should be deprived of his just right, we cannot consent to the payment in full of debts contracted by insane agents, and in flagrant violation of the letter of their authority.

Resolved, 18th. That the neglect to inaugurate a system of Common Schools and the misapplication and reckless investment of the Educational Fund, and the unnecessary and unjudicious sales of property belonging to this sacred trust, deserve our severe animadversion, and show the false professions of the leaders of the dominant faction.

Resolved, 19th. That the silent halls and deserted walks of the University, standing in our midst are a painful reminder of what was once our glory and our boast, increased in its intensity by the farce there carried on, and the puny exhibition of the abortion which the Radical party has produced.

Resolved 20. That the enormous increase of the expenses of the State government conclusively shows the necessity of a return to our former system and the selections of honest and prudent men to administer our affairs and the entire abolishment of the department of "contingencies."

Resolved 21 That we heartily approve of and endorse the address of the Conservative members of the Legislature, and return them our thanks for their manly resistance to encroachments upon our liberties and rights, and their opposition to corruption and rascality, and cheerfully join them in their recognition of accepted facts, and in their inculcations of obedience to law and order.

Resolved 22. That we would hail with delight a return to our old system of county Courts and county government, when the people were acquainted with the law under which they lived and the cost of suing for the enforcement of their rights.

Resolved 23. That the Chairman of this meeting is requested to appoint a committee of ten as the Central Executive Committee and the various Townships are urged to perfect the organizations proposed in the Legislative address.

Resolved 24. That fifteen or more delegates be appointed to attend the convention at Franklinton for the purpose of nominating a suitable candidate for Congress from this District.

Resolved, 25th. That we send forth greetings to the people of the State upon their determination to rid themselves of in August next, of, a Legislature which has brought so much disgrace upon the State, and would if it had dared, have continued its control beyond the time expressed in the Constitution, when an election for the redress of grievances should be held.

The Chair appointed the following delegates to the Franklin Convention to nominate a candidate for Congress in pursuance of the 23rd resolution:

F. N. Strudwick, M. A. Angier, Major William N. Patterson, Col. Robert Webb, Dr. Holt, John M'Cown, Thomas Cain, Josiah Turner, Jr., Dr. Blackwell, Jones Watson, R. M. Jones, Charles Johnson, John W. Graham, James S. Leathers, William Lunsford, James Y. Whitted, Col. Wm. H. Jordan, H. K. Nash, Thomas Argo, Albert Faucett, Major D. H. Hamilton.

The following County Executive was then nominated and endorsed by the meeting:

CENTRAL EXECUTIVE COMMITTEE.

John W. Graham, Alvis Durham, M. A. Angier, N. D. Bain, Dr. John Berry, William Gray, F. N. Strudwick, Thomas Argo, John W. Carr, Dr. Pride Jones.

On motion, the meeting then adjourned.

A NARROW ESCAPE.—A gentleman informs us of a remarkable escape from death on the part of a small colored child, about two years old, at the residence of its father, Willis Bradley, on Mulberry, between Front and Water streets, yesterday morning. He says that the child was standing at the top of the stairs which lead from the outside, when the mother, perceiving it to be in danger of falling, attempted to seize it with her hands, when it reeled and tumbled over headforemost and landed into a tub of water, at the foot of the stairs, receiving no injury whatever from its perilous descent. The mother, who expected to find her child crushed into a shapeless mass, was of course much relieved to find it unhurt.—*Wil Star 7th inst.*

A CALCULATION.—Rev. Dr. Deems says: "Suppose a preacher have an average of 600 hearers twice a day on Sunday, and each hearer contribute 25c. at each service—and what do you think of a man who wastes his time in listening to any sermon not worth 25c.?—then there will be enough to pay the pastor a salary of $6,000 a year and expend $700 annually for current expenses, and a balance sufficient to pay the interest and principal of the cost of a $10,000 church in 12 years, and at the end of the time leave a balance of $3,500.

A long autograph letter from George Washington on agricultural matters was recently sold in London for $175.

It is rumored that the Mormons are looking to Mexico as a place of refuge.

CITY AND STATE ITEMS.

MONDAY, MAY 9, 1870.

☞ Jas. N. Ramsay, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

New Advertisements.—Leach Bros' have fresh arrivals of almost everything in their line. See what they say.

G. T. Stronach also makes important announcements.

Mr. J. W. Cole, informs the public that he is prepared to do all kinds of clock, watches and jewelry work.

Read them all.

Gathering In.—Delegates to the Radical pow-wow, are gathering into the city. We have seen no very formidable intellects among the number yet; although Galloway, Cuffee Mayo, and Solly Pool and Patrick of the Chapel Hill faculty are among the arrivals.

Once More.—We repeat for the hundredth time that the same thing has been said, that we will not publish anonymous communications. We have received a note, requesting us to make certain announcements of candidates, in Johnston county, without any responsible authority, which for the reason herein given, we decline to do.

That Great, Big Coffee Pot.—Persons passing up Fayetteville street, will observe, opposite Market Square, a thundering, big, "daddy" coffee pot, capacious enough to make coffee for the whole Radical Convention.

It is the sign of our enterprising Tin and Sheet Iron Manufacturer, G. E. Lourgee.—Persons desiring anything in his line will be apt to find it at the sign of this big, red coffee pot.

Preaching.—Rev. Q. A. Ward, of the Primitive Baptist Church, will preach in the Hall of the House of Representatives, Tuesday evening, at half past 7 o'clock.

Personal.—General R. F. Hoke is now in our city and stopping at the Yarborough House.

An Old Citizen Returned.—We also noticed in the city, on Saturday, J. L. Pennington, Esq., and remarked that he was looking quite well. "John, the Rascal" was always a sociable fellow, but we advise him not to let his new friends in North Carolina, especially Billy Smith and the *Standard*, know that a part of his business in this State is to hire colored laborers to take with him to Alabama, else they may be down on him, and Billy may refuse to pass him over his road.

League Outrage and Incendiarism.—On Sunday morning about day break, the barn of Mr. Calvin Branch, residing in the Holly Springs neighborhood, was discovered to be on fire. Mrs. Branch, who first discovered the fire, called to her husband, who jumped out of bed and, rushing to the barn, succeeded in liberating the horses from their stalls. He then, with pine bushes, commenced fighting the fire which had made but little headway, and succeeded in extinguishing it. While doing this, he was fired on some fifteen or twenty times by persons in ambush in the vicinity.

This was a clear case of incendiarism, as is manifest from the fact that a turpentine bottle and can, from which turpentine had been poured on the walls, was found near the place, showing that the "god of turpentine" had been invoked to aid in the conflagration.

A near neighbor to Mr. Branch, saw passing his house, soon after the hour the fire was discovered, some fifteen or twenty negroes coming from the direction of Mr. Branch's, and it is almost certain, says our informant, they were the party who fired the barn and who shot at Mr. Branch, while he was putting out the fire.

We are glad to be able to state that Mr. Branch was not hurt, though some of the shots struck near him. This occurred in the neighborhood in which threats were made recently, to burn all the houses and barns in that section, as alluded to by us last week.

The National Watch Company have commenced a direct trade with China. The *Chicago Tribune* reports a large invoice of watches having Chinese inscriptions upon the dials and plates, shipped by them to Chinese merchants in San Francisco, to be forwarded to the Celestial Kingdom. American Clocks have for some years been an article of demand in the China trade, and thousands of them have been exported to that country. It is probable that a large business will also be created in Watches, and we are glad that the Elgin goods have secured an introduction. we can safely say, with reference to them, that we are giving our Chinese friends the best we have †

THIRD CONGRESSIONAL DISTRICT.

The Executive Committee of this District, after consultation, have deemed it advisable to postpone the call for a nominating Convention, until after the meeting of the Central and District Executive Committees, which is to take place on the 15th of June, and suggest that delegates be appointed from all the counties of the District to attend the District Convention when it shall assemble.

The Grand Ky. Prize Scheme.—Our readers will be equally rejoiced with us, to know that the commissioners appointed by the Legislature of Kentucky to take charge of the Enterprise, have positively and irrevocably fixed the *4th day of July next* as the time when the drawing will take place at MASONIC TEMPLE, LOUISVILLE, KY. The correspondence between the proprietor of the enterprise and the commissioners is published, and has the true ring of honest integrity, for which all the parties have ever been noted. These gentlemen stand foremost among the noble citizens of the grand old Commonwealth of Kentucky, and we know that their course will be universally approved by the people. The books of all Agents, (except those at Louisville and Henderson) will be closed, and returns made on *the 25th day of June* †

TENTH OF MAY.

PROGRAMME OF EXERCISES FOR THE MEMORIAL CELEBRATION.

Members of the Memorial Association and the public generally are invited to assemble at the Confederate Cemetery, at four o'clock, P. M., on Tuesday.

The exercises of the occasion will be opened by prayer by Rev. J. V. McNamara.

After which an appropriate Ode will be sung.

The corner-stone of the contemplated Monument will then be laid, with appropriate ceremonies, under the direction of the Masonic Fraternity.

The annual Memorial Oration will next be pronounced by Gen. Matt. W. Ransom, of Northampton county.

Anthem by the Choir; and

Benediction;

When the assemblage will disperse through the grounds, for the purpose of decorating the graves of the dead with floral offerings.

Suitable seats will be provided for the ladies.

W. HAL. HARRISON,
Chief Marshal.

J. C. Syme,
A. Smedes, } Assistants.

The Ladies of the Association respectfully suggest to the merchants and business men of the city, that the usual custom of closing their stores and places of business during the hours of the ceremony, be observed.

We have seldom been called upon to chronicle such sad and heartrendering intelligence as the tidings which we received from Petersburg, Va., yesterday morning. We allude to the terrible accident which resulted in the death of little Susie Battle, aged about six years, and daughter of our highly esteemed fellow-citizen, K. P. Battle, Esq.

The particulars of this most mournful affair are too distressing to dwell upon, and we know that mere words of condolence are inadequate to soothe the grief stricken parents in this trying hour. They have the heartfelt sympathy of the entire community in this sad visitation.

We copy the following from the Petersburg *Index* in regard to the melancholy event:

"The little girl, aged about seven years, daughter of Kemp P. Battle, Esq., of North Carolina, who was accidentally shot on Friday evening, while playing with some companions in Dr. Watson's yard, on Bollingbrook street, died from the effects of her injuries about 8 o'clock on Saturday morning. Her death is a very sad one, throwing her devoted parents into deep grief, and causing sorrow in the hearts of many relatives and friends. In company with her mother, she had been in the city but a few days, visiting friends here. Mr. Battle was telegraphed of the accident immediately.

The little girl, we understand, after enjoying an afternoon ride, had joined some children at play in Dr. Watson's yard.—Observing them—a boy—who had found an old pistol, and not knowing it to be loaded, was snapping the weapon at different objects. After repeated snappings, it fired and the ball entered the abdomen of the deceased, passing through the bowels and lodging in the spinal column. The best medical advice was called in, but the injuries received were mortal, and terminated as above stated, in death on Saturday morning."

Pugilistic.—This morning a fisticuff rencounter took place on the lot of Mr. S. West, on East Hargett street, between two negro women, Evaline Haywood and Vincy Joyce; the latter was accused by the former of stealing meat from her. Mr. West on whose lot Vincy lived, attempted to make the combatants leave his yard, when Vincy made battle on him and scratched his face considerably.

The negro watchman Craven, then came up and ordered Vincy not to leave the premises until *he* investigated the affair which he was about proceeding to do, with pencil and paper in hand, surrounded by a crowd of idle darkeys, when Mr. Moss, a white policeman, came up, and an altercation ensued between him and Craven in regard to jurisdiction in the case. The result was that Moss arrested the belligerents and carried them before His Honor, the Mayor, who postponed the hearing until to-morrow morning at 10 o'clock.

Land sold here last Monday, says the Fayetteville *Eagle*, at rather low figures.—Several tracts of inferior sandy land sold for less than a dollar an acre, even where creditors bid on it. One small tract east of the river in the fine cotton region brought about $7 or $8 an acre.

We are informed says the Wilmington *Star*, that Mr. E. Legg, late Republican Senator from Brunswick, has grown sick of Radicalism and announces himself a Conservative candidate for re election. Whether he means Conservative "dry as" or Conservative Republican we do not know.

The Warrenton Thespian Association are playing to crowded houses.

Warrenton is determined to have a horse railroad from the town to the depot, a distance of about three miles.

Our eastern exchanges all speak encouragingly of the crop prospects.

Office of the N. C. Land Co.
Raleigh, N. C. May 9th, 1870.

Mr. Editor:

Sir:—We are in receipt of several letters from capitalists of Europe, asking us to forward them descriptions of some eight to ten large tracts of land, in different parts of the State, containing from 15,000 to 100,000 acres each, to settle colonies on.

Owners of such tracts, who wish to sell, will please forward to our office, description of their land, location, price, terms &c. This company makes no charge for land placed in their hands, unless a sale is made.

A prominent Shipping House of Liverpool writes us to day, asking if we will engage to furnish them with return freight, if they put on a line of Steamers to carry emigrants direct from Liverpool to Wilmington in our State. All they ask is for us to insure them this, and they will put on a steamer at once.

Here is an opportunity offered for us to ship the produce of this good old State direct to Europe, without paying tribute to any of our sister States; who will assist us in bringing this about?

R. KINGSLAND, Secretary,
N. C. Land Company.

CONNECTICUTT—INAUGURATION OF GOVERNOR ENGLISH—THE ADDRESS—SOUND DEMOCRATIC WORDS.

New Haven, May 4.—The ceremonies attending the inauguration of Governor English, in this city, to-day, were very imposing. The military parade was the largest ever seen in this State. In his message to the Legislature, Governor English recommends the convention to revise the State Constitution, and says this is most desirable in consequence of the Fifteenth Amendment. That amendment, he declares, was ratified by means of chicanery and force, which would properly vitiate any contract between one citizen and another. He declares by the power and appropriate legislation which it gives to Congress, it commits to the absolute control of the general government the right to vote in every State, and says the mockeries of an election in the Southern States, under bayonets of the general government, is a sufficient commentary on the liability of the abuse of such power. He further declares that if a State could constitutionally prevent the deprivation of the right to manage her internal concerns in her own way, he should not hesitate to recommend it, but he knows of no way.

He censures the course of Congress towards Georgia, and desires general amnesty for mere political offences.

Governor English also said that during the past year 491 divorces were granted, a greater number than in any previous year, and declared public sentiment demands reformatory legislation.

The House of Representatives elected Hon. Lafayette S. Foster, formerly Vice-President of the United States, Speaker.

Married,

In this City on Thursday, May 5th, at St. Johns Church by Rev. J. V. McMenara, Mr. M. W. Churchill, to Miss Cornelia M. Burton, all of this City.

The good old fashion of "remembering the printer" on such occasions was observed in this instance.

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and colorless. It leaves no mark on the scalp; yet it reproduces in gray hair its natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

ASSETS, TWELVE MILLION DOLLARS!!!

INCOME $6,500,000!! ALL CASH.

BEING OVER $12,000,000 GREATER THAN THE NEW BUSINESS OF ANY OTHER LIFE INSURANCE Co. IN THE WORLD.

PURELY MUTUAL. DIVIDENDS PAYABLE AT THE END OF THE FIRST YEAR AND ANNUALLY THEREAFTER.

The insuring public should not allow itself to be deceived with respect to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY HAVE BEGUN TO PAY THEM AT ALL; but they do not begin to pay until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1869.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivaled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

Testimonials without number from citizens of this, as well as those of other States might be published, but the above is sufficient. Any person having the Right can make 5 to 10 bbls., of the Fluid in an hour.

Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES B. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first citizens, our merchants, bankers and citizens, as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

UNPRECEDENTED SUCCESS

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work.

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs THOMPSONS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Instructions in the use of the machine will be given to all purchasers *gratis*.

No Life Insurance Company in the United States offers superior advantages for insurance or investment, than the St. Louis Mutual. It is managed by gentlemen of the highest capacity and standing and it enjoys the largest confidence of those acquainted with Insurance Companies.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly and its investments are made on the most solid basis, being principally in improved real estate worth *twice the amount invested, paying ten per cent per annum.*

All its Policies are non-forfeitable and participate in Dividends from the beginning.

Dividends declared and applied annually to policy holders on the contribution plan.

The Company is strictly Mutual, and the profits of its business are paid not to stockholders but to its policy holders.

An equitable surrender value paid to all who through misfortune are unable to keep up their policies.
